

Special Thanks to our Partners

Debbie Silver

Dr. Debbie Silver is a brilliantly funny, beautifully insightful, and boldly authentic speaker, author, and educator. She has dedicated her life to understanding learning and growth behavior and has become a world-renowned and empowering speaker.

Through her research, her outreach, and her humor, Debbie seeks to help teachers find the joy in the daily job of teaching, so that children can embrace the satisfaction and pride of knowledge, growth, and self-worth.

With 30 years spent as a teacher, staff development instructor, and university professor, Dr. Silver doesn't just know her way around the classroom – she is deeply familiar with the challenges educators face at every level, from kindergarten through college. One of the nation's most popular keynote speakers and professional development presenters, this former Louisiana State Teacher of the Year has given presentations around the world (including 49 states, Canada, Mexico, Europe, the Middle East, Australia, Africa, and Asia), helping audiences to interact with students on a more meaningful level.

Debbie's best-selling book, Drumming to the Beat of Different Marchers: Finding the Rhythm for Differentiated Learning, has been recognized for its insights into research-based models, teaching strategies, management tips, and inspirational "from-the-heart" lessons for addressing individual differences.
